

PUBLIC NOTICE
WOODSTOCK HIGHWAY DEPARTMENT
TOWN AND VILLAGE OF WOODSTOCK

The Woodstock Town and Village Highway Department requests all edge of road markings such as: rocks, grade stakes, bricks, etc. Be removed from the Town and Village highway right of way before November 12, 2022 so as not to impede snow removal. This is due to a concern for safety and to prevent any of these items from being hit or propelled into the air by the snow plow which could injure an individual, or damage property or highway equipment.

Any items remaining in the highway right of way after that date will be removed by the Highway Department.

Thank you for your cooperation.

Tom Yennerell
Municipal Manager
