### **Funding Allocation for Village Decorations**

#### **• Holiday Lights and Flower Baskets**

Jeffrey Kahn noted in the past 100% of the funds for Village decorations came from the 1% tax, but he suggested that going forward, it would be better if the Village picked up \$3,000 of those expenses and the Chamber of Commerce picked up another \$3,000. Jeffrey Kahn noted the total annual expense for baskets, lights, and maintenance of the baskets was estimated to be between \$12,000-15,000.

Eric Duffy raised whether this proposed arrangement was for the current year only or for future years as well. Jeffrey Kahn clarified that the proposal was for this year with consideration for future years.

Lauren Fisher, representing the Chamber of Commerce, stated that for the current year, the Chamber would have difficulty contributing \$3,000 due to board and leadership transitions. He noted that they were not yet at the level of functioning expected for the future.

It was clarified that the Selectboard had already decided at their May meeting that the local options tax would cover all decoration expenses for the current year. With the budget already had been voted on at a past meeting. The Board members discussed possibly revisiting the funding allocation during budget discussions in December or March. No formal vote was taken on this item as it was presented for discussion only.
